

**PRESS RELEASE ON
9TH EDITION OF THE “RHODES MODEL REGIONAL COOPERATION 2018”
(Rhodes, 10-14 October 2018)**

Upon the invitation of the organizers, the BSEC PERMIS participated in the 9th edition of the “*Rhodes Model Regional Cooperation 2018*” (Rhodes MRC), held on Rhodos island on 10-14 October 2018. The responsible Executive Manager of the BSEC PERMIS, Mrs. Rositsa STOEVA participated in the first two days of the event.

“Rhodes MRC” is a forum where students and young people from the Hellenic Republic and the region simulate meetings of regional organizations, following the model of the United Nations.

This year’s edition, which was placed under the BSEC PERMIS auspices, was attended by approximately 450 people, most of them students.

The BSEC PERMIS representative delivered a welcome speech during the official opening and, on the next day, made a lengthy presentation of the BSEC Organization – its structure, current and future activities, key regional projects, etc.

The PERMIS considers its participation in similar events related to the youth as an excellent opportunity to enhance its visibility and inform more young people on the objectives and activities of the BSEC Organization.
