

PRESS RELEASE ON
3rd GREEN ENERGY INVESTMENTS FORUM
(Athens, 10 October 2018)

The “3rd Green Energy Investments Forum” was held in the first day of the 11th Annual International Scientific Conference on “Energy and Climate Change”, in Athens, on 10-12 October 2018.

The Conference was organized by the Energy Policy and Development Centre (KEPA) of the National and Kapodistrian University of Athens, which is the coordinator of the BSEC Green Energy Network, under the supervision of the Permanent International Secretariat of BSEC (BSEC PERMIS).

The Forum was organized in two sessions. In the first session of the Forum - *Policy Dialogue* - policy statements were made by representatives of the Republic of Moldova, Poland, Romania and Ukraine.

In the second session - *Market Perspectives* - presentations were made by representatives of local government authorities, of the banking and business sector dealing with green energy and of the scientific community, highlighting the great potential for developing the regional cooperation in Green Energy in the BSEC Region, by sharing innovative experiences at local and national levels in various BSEC Member States, taking advantage of the possibilities of communication and of the professional expertise made available by the BSEC Green Energy Network.

Based on the presentations and discussions, it was concluded that similar Fora are extremely useful for encouraging interaction between governmental officials responsible with the promotion of Green Energy and representatives of the banking sector, the business communities and of NGOs active in the area of Green Energy in the BSEC Region.
