

**PRESS RELEASE ON
THE PARTNERSHIP OF THE BSEC PERMIS IN ORGANIZING
THE SEE ECO EXHIBITIONS AND CONFERENCES 2019
(Sofia, 16-18 April 2019)**

The 15th edition of the South-East European Conferences and Exhibitions on Energy Efficiency (EE) and Renewable Energy (RE), Smart Cities, Waste Management and Recycling, organized by Via Expo Ltd., based in Plovdiv, will be held in Sofia, on 16-18 April 2019, in partnership with the Black Sea Economic Cooperation Organization Permanent International Secretariat.

Beginning with 2011, the area of countries on which this yearly event focuses has been enlarged to include also countries from the Black Sea region. Since then, BSEC became a partner, together with other organizations and institutions, in supporting these exhibitions and conferences.

EE & RE, Smart Cities and Save the Planet are among the significant environmental B2B initiatives in the SEE Region in an 'exhibition-conference' format. Creating the best environment for new contacts and knowledge exchange, the event brings together forward-thinking businesses and enables the entering of foreign companies into the perspective South-East European market.

Why to join EE & RE, Smart Cities and Save the Planet:

- Present your products and services in a cost-efficient way
- Take advantage of the additional free promotion tools you can benefit till the end of 2019
- Meet new local distributors, representatives of municipalities and different industries, aiming to achieve more resource efficiency and better performance

The 2019 edition will put an accent on:

- Energy Efficiency Technologies & Funding • Bioenergy • Energy Storage • Intelligent Solutions for the Buildings, Environment, Transport & Mobility • Smart Governance • Plastics Recycling • How to Utilize Waste and Turn it into Valuable Resources? • Circular Economy and Resource Efficiency
